Welcome back inside -  
**Welcome back to Goodfoodmood**

*Seeing is believing!*

Watch out for this icon – it shows designs you can instantly visualise on your tables.

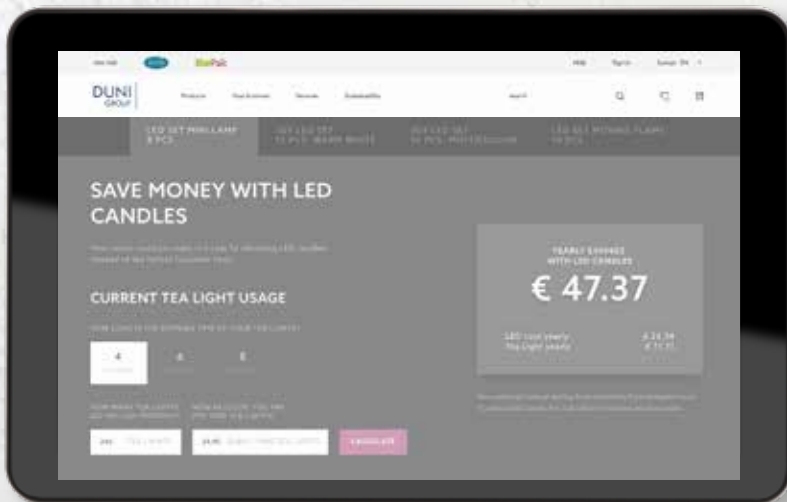

### #1 table-setting app for professionals

Planning table decoration is easy, risk-free and fun with the Duni Visualiser app. Simply select the product(s) or table settings you like, point the camera, and the app puts everything in place.

## Helping you to bounce back

"When the going gets tough, the tough get going," they say. That's certainly true of HORECA professionals, like you, who have shown incredible resilience during challenging times. To support you in today's new normal, we have developed a range of smart solutions – from innovative digital tools to products that maximise hygiene and convenience.

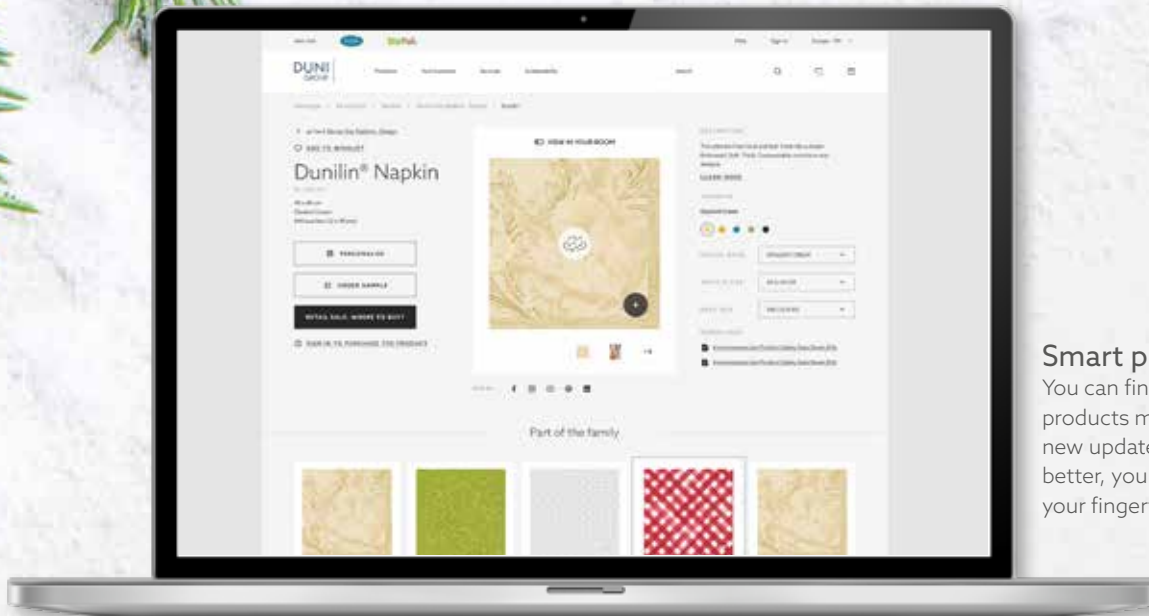

### Cost calculator

An opportunity to cut costs is always worth exploring. Discover how much you could save with our cost calculator. You could be in for a pleasant surprise – especially as it's the candle season.

### Low-contact LEDs

Minimising contact is a must in today's post-COVID world. Our remote-controlled LEDs enable you to light up tables with beautiful light – or even a whole room – at the touch of a button. Easy, cosy and hygienic.

### Smart product finder

You can find, and mix and match, products much more easily with the new updates to our website. Even better, you get all the ordering info at your fingertips.

## Confidence-inspiring certifications

The products in our collection carry a variety of environmental and quality certifications. They underline the sustainability and quality of our products. Some also shed light on how to dispose of them after use responsibly.

### OK COMPOST

The OK Compost Industrial and the OK Compost Home label, from the certification body TÜV Austria, indicates that the product is suitable for composting. As the name suggests, OK Compost Industrial ensures the product is suitable for industrial composting and meets the European standard EN 13432. OK Compost HOME products can be put on the compost heap in your garden at home

### THE FOREST STEWARDSHIP COUNCIL® (FSC)

Ensures that the product is made of wood from forests managed in an environmentally appropriate, socially beneficial and economically viable manner.

### NORDIC SWAN ECOLABEL

Identifies the best products on the market from an environmental point of view. For instance, it confirms our stearin candles consist of 90% renewable materials and minimise soot emissions.

### THE RAL QUALITY MARK

Awarded by the European Quality Association for Candles. It guarantees the candle burns cleanly, contains no hazardous materials, retains its shape and is safe and reliable.

## Low-contact, high-impact

Ideal for today's hygiene-conscious world, low and no-contact technologies enable people to live and work as safely as possible. Take our remote-controllable LEDs – they allow you to light up a whole room and switch between beautiful colours with the touch of a button. That way, you can protect your staff and create delightful guest experiences. Best of all, they come in a range of sizes and top-quality holders to suit any concept, menu and occasion.

**LED Mini Lamp Set**  
12 beautiful ambient colours,  
superior brightness, waterproof.

**Joy LED Set**  
Fits Good Concept Holders,  
superior brightness, waterproof.

**LED Set Moving Flame**  
Convenient, cost-efficient,  
waste-free alternative to tealights.

## Glowing possibilities, illuminating value

Lighting can bring a lot to the table, invite guests to step in, make guests stay longer, change a table from day-to-day into Gala-setting. Amazing fact is that LED lights can also help save time and money! To see how much you could save by switching from tealights, check out our cost calculator at [dunigroup.com](http://dunigroup.com).
