

eco bambook

I prodotti ECOBAMBOOK sono composti da fibra vegetale e pertanto biodegradabili e compostabili. Tale fibra è una delle più sostenibili in natura poiché, grazie alla rapida vegetazione della pianta, la cellulosa ricresce in un breve periodo di tempo. Tutta la linea ECOBAMBOOK è caratterizzata da una morbidezza ineguagliabile abbinata a una resistenza incredibile.

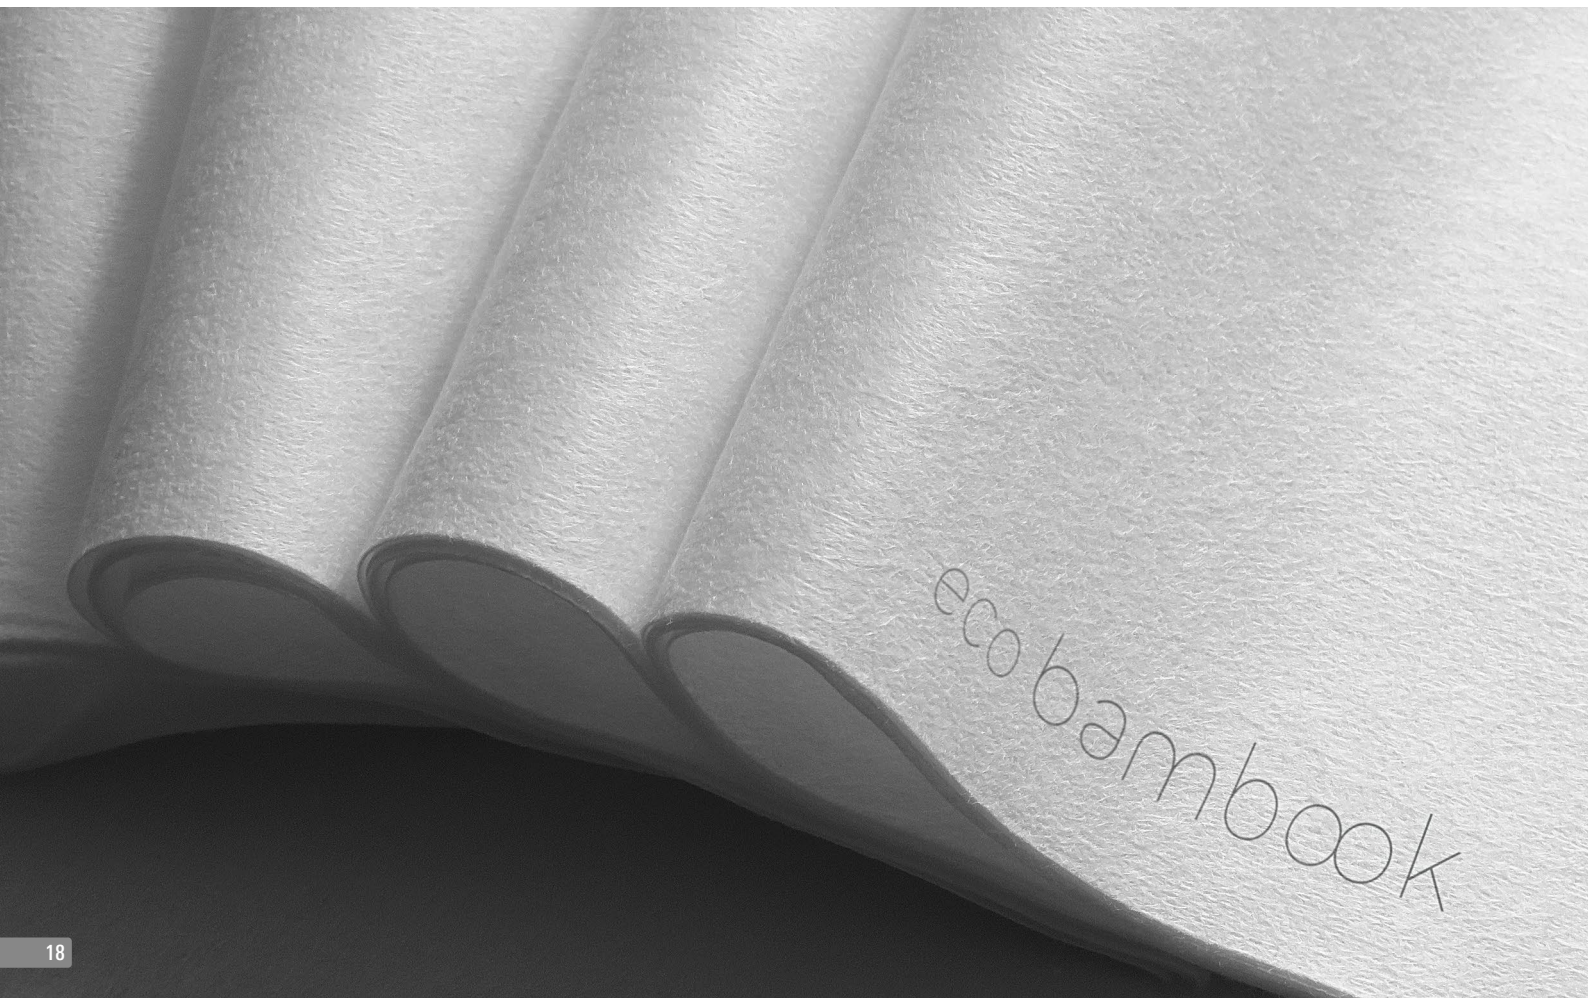

ECOBAMBOOK products are made of vegetable fibres and, therefore, biodegradable and compostable. This fibre is one of the most sustainable in nature because, thanks to its vegetation rapidity, the cellulose reforms itself in a very short period. These products are characterised by an incomparable softness and an incredible resistance.
